GCIL

Gujarat Craft Industries Limited (GCIL) was established in 1984 as a Public Limited Company listed on the Bombay Stock Exchange.

We are a vertically integrated, manufacturer and exporter of PP/HDPE-coated woven products.

We maintain stringent international quality standards and are ISO 9001:2015 certified, thereby deriving most of our revenue from international markets.

Bulk Bags

4 Million Bags Produced Annually

Custom Design Capabilities

Competitive Pricing

Quick Response Time

The types of Big Bags we produce are:

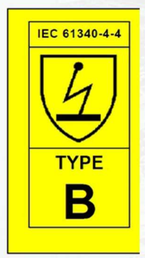
U - Panel Bags
Circular Bags
4 Panel Bags

Builder Bags
Platen Bags
Sling Bags

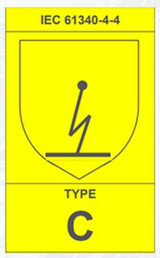
Tunnel Lift Bags
Q - Bags

Special Bags we offer

UN Certified bags



Type B



Type C / conductive

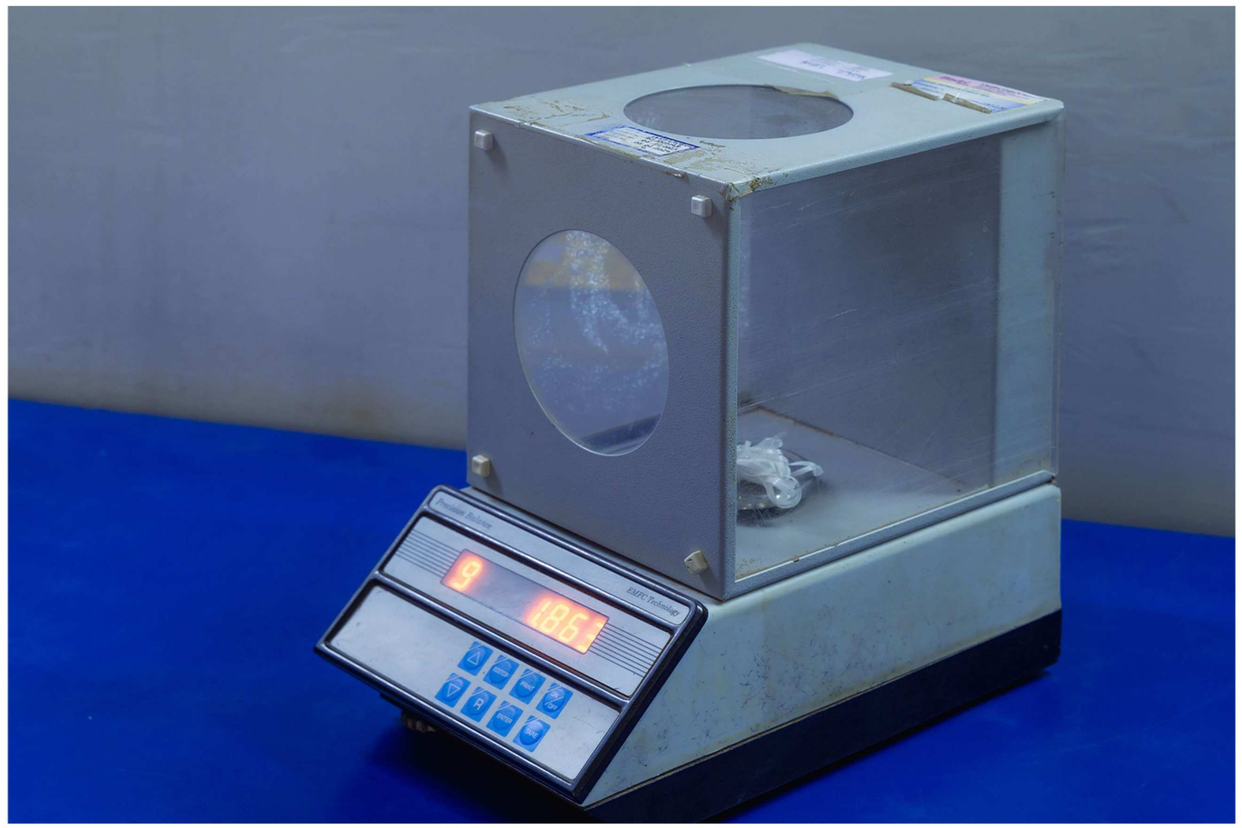
UV Testing

Using cutting-edge UV testing techniques, our machine ensures the highest quality and reliability of our products. We guarantee that our FIBCs thrive in outdoor conditions, standing strong against UV exposure.

Fabric Thickness

Our GSM Test Machine ensures precise material thickness in our FIBCs, providing confidence in consistent weight specifications and performance across diverse applications.



Raw Material Testing & Ash Content Check

Elevate your trust in our FIBC solutions with our precise Ash Content Machine. We keep evolving with new standards for quality and reliability in bulk packaging.

Fabric Strength Testing

Our Tensile Test machines are to keep a check on the structural integrity of our Bags.

Extrusion

* All Processes Under One Roof.
* Fully Integrated Manufacturing facility

Looms

In a clean, dust-free setting, we produce 600 Tons of fabric each month with the help of 135 looms

Printing

we can print up to 4 color on 4 side of the bag.

Bag Assembly

Light Table Test

Each FIBC bag undergoes inspection on a light table.

Vacuum Clean Machine

We vacuum-clean each bag.

Metal detector machine

We do 9 point metal detection test for each bag.

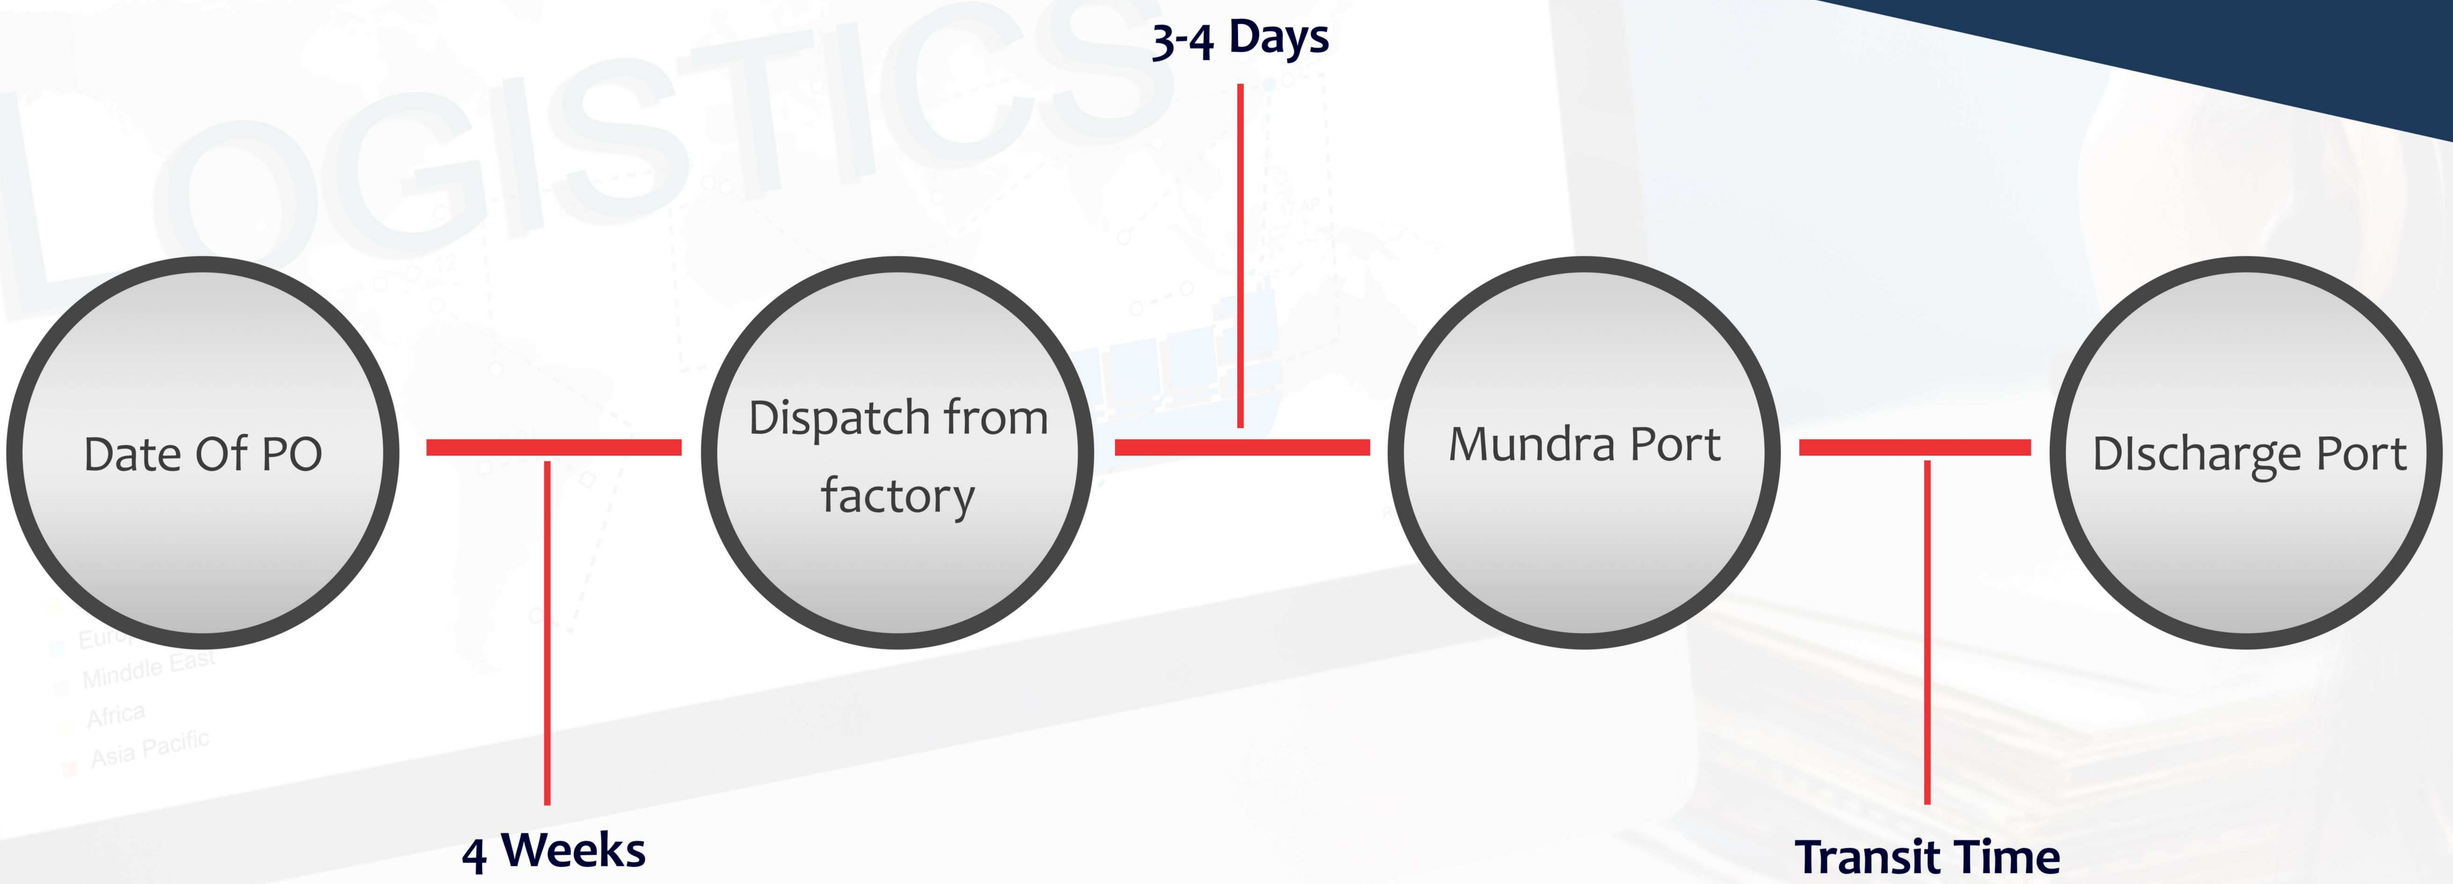
Packing Storage

Bales

Pallets

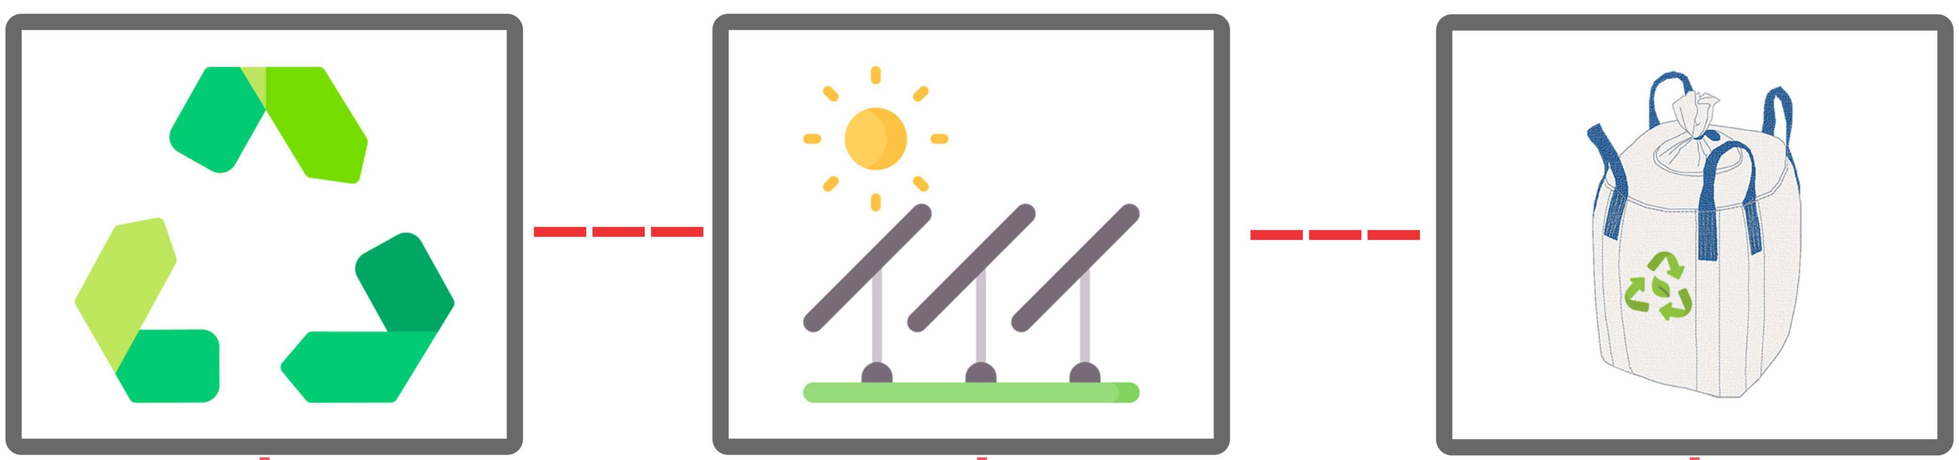
Bag Storage

Dispatch Schedule



Container Size	Quantity
20 ‘	24 pallets
40 ‘	48 pallets

Sustainable Production



Zero Wastage

All our waste is recycled and reused in-house

Green Energy

1 MW Solar Power Installation

Recycling as a Mechanism for Growth

R & D efforts into recycling methods and consumption of recycled materials without compromising strength & quality.
